# Crimp Meter Seal

**MEGA FORTRIS NEW ZEALAND**

SECURITY SEALS LTD

As lead seals and others lack security integrity, the Crimp Seal is manufactured in a high grade polypropylene material and is suitable for most metering applications.

Supplied separately, the Crimp Seal is secured by way of a standard sealing press and fine gauge galvanised or stainless steel sealing wire. The Crimp seal is available with easy to read laser etched consecutive numbering, offering high add security to a low cost meter seal.

Diagram

15 mm · 3.5 mm · 8 mm · 7 mm · 150 mm
