

# Fort Container Seal Megalock Premium

ISO17712:2013 Compliant

MEGA FORTRIS  
NEW ZEALAND

The Fort Container Seal Megalock Premium (FCS MLP) is a NZ Customs approved and ISO compliant Container Seal. It combines the security features and strength of the Mini Cable Lock Premium 250 (MCLP250-2K) and the Fort Container Seal 82 Bolt Seal.

Both of these seals are used individually worldwide to protect high value goods during transport in containers and trucks.

The FCS MLP seal boasts a combination of solid materials: zinc die cast enclosed in polypropylene, a strong steel cable combined with a mild steel hardened pin and barrel moulded with polypropylene.

An upgraded version of the previous 2K Megalock, the FCS MLP is designed with a black and white two-color body to ensure robust identification and greater security with its customizable barcode.

**NZ CUSTOMS**  
ONLY APPROVED 2-DOOR  
LOCKING SOLUTION

**WORLD FIRST**  
DUAL-COLOUR DESIGN TO  
REDUCE RISK OF CLONING

## FEATURES

- 1 The two-self locking mechanisms are easily locked by hand.
- 2 The FCS MLP can only be removed by a strong cutter. It takes two cuts to open the FCS MLP seal.
- 3 The FCS MLP is an upgraded design from the previous 2K Megalock, now it comes with MCLP250-2K with added barcode on the cable locking body to enhance security.
- 4 The bolt seal is moulded with polypropylene and is available in dual-color (black and white), designed to lower the risk of cloning.
- 5 Customised marking is etched on the two locking bodies with permanent laser technology, Identical serial numbers, logo and barcodes can be marked on all three parts of the seal.
- 6 The black and white FCS MLP is designed to reduce the threat of counterfeit seal producers replicating your dedicated NZ Customs SES Export Seals.

## SPECIFICATIONS

Material	<b>Bolt Seal and Cable Seal Body:</b> Polypropylene <b>Pin:</b> Mild Steel Hardened <b>Metal Body:</b> Zinc Die Cast <b>Cable:</b> Non Pre-formed Galvanized Iron Wire
Locking Length	Vary according to customised cable lengths
Diameter	Cable: Ø2.5mm, Bolt: Ø7.0mm
Marking Area	<b>Bolt Seal:</b> Bush: 14.5mm x 28mm, <b>Pin:</b> 7.5mm x 13.8mm, <b>Cable Seal:</b> Body: 18.9mm x 28.2mm
