

Mega Lock 2K Seal

ISO17712:2013 Compliant

MEGA FORTRIS
NEW ZEALAND

The Mega Lock 2K Seal is NZ Customs preferred SEP Export Container Seal as it combines the security features and strength of the Cable Lock Seal (MCL250) and the Klicker 2K Bolt Seal.

Both these Seals are used individually worldwide to protect high valuable goods during transport in containers and trucks.

The Mega Lock 2K Seal boasts a combination of solid materials: rust proof aluminium body, a strong steel cable combined with a mild steel bolt and barrel moulded with high impact ABS.

The synergy between the strong materials along with an innovative tamper evident design makes the Mega Lock 2K Seal uniquely secure.

**NZ CUSTOMS
ONLY APPROVED 2-DOOR
LOCKING SOLUTIONS**

**WORLD FIRST
DUAL-COLOUR DESIGN TO
REDUCE RISK OF CLONING**

FEATURES

- 1 The two self-locking mechanisms are easily locked by hand.
- 2 The Mega Lock 2K can only be removed by a strong cutter. It takes two cuts to open the Mega Lock Seal.
- 3 The Mega Lock 2K can be colour coded to suit individual requirements. The cable locking body can be anodized in five standard colours.
- 4 The Bolt Seal is moulded with high impact ABS and is available in dual-colours (red and white), designed to lower the risk of cloning.
- 5 Customised marking is etched on the two locking bodies with permanent laser technology. Identical serial numbers, logo and bar codes can be marked on all three parts of the seal.
- 6 The Mega Lock 2K is also known as the "Synergy Seal." The solid combination of two proven barrier seals provides higher security than when the seals are used separately.

SPECIFICATIONS

Material	Plastic: High impact Polypropylene Pin & Bush: Hardened Steel Cable Body: Aluminum Cable: Galvanized Steel Wire
Locking Length	112cm or customised
Diameter	Cable: Ø2.4mm, Bolt: Ø9.0mm
Marking Area	Body: 20mm x 20mm, Pin: 7mm x 16mm, Bush: 10mm x 24mm
Marking Digits	Max 10
Carton Quantity, Size & Dimensions	Carton quantity, size and weight vary according to customised cable lengths
Standard Colours	Cable Lock: Red, Black Klicker Bolt: Dual-coloured Red and White
