# Mini Tight Seal

Economical Pull-Tight Seal

A Flexible Indicative Seal

The Mini-Tight Seal is an ideal indicative seal for all tagging and quick-locking requirements. The seal's thin and flexible strap is perfect for light security applications such as tagging of clothes, plants, fire extinguishers and cable tie replacements.

FEATURES

1 The Mini Tight Seal is etched with permanent laser marking for name, logo, sequential numbers and barcode. Laser marking offers the highest level of security as it cannot be removed and replaced.

2 The seal can be removed without a tool. It snaps off when twisted by hand.

3 The slim strap makes this seal easy to apply to almost all small applications.

4 Enlarged ring/stopper at the end of the strap prevents reverse locking.

SPECIFICATIONS

Product	Material	Locking Length	Strap Diameter
Mini Tight Seal 5	Polypropylene/Nylon	130mm	Ø 3.0mm
Mini Tight Seal 7		180mm	Ø 3.0mm

Pull Strength	Marking Area	Max Marking Digits
