Tamper-Evident Security Tape

▼ PEEL SAMPLE OFF HERE ▼

The TT (Total Transfer) Tamper Evident Security Tape is very user-friendly and has been specifically designed to suit most applications including air freight security, general packaging and shrink-wrapped pallets.

This new design TT (Total Transfer) Tape has no perforations or numbering, however does leave unquestionable evidence of tampering.

Tamper Evident Security Tape is made from the highest quality polyester material and adhesives that can withstand most heat and cold attacks.

Tamper Evident Security Tape provides the user with a physical evidence of tampering by revealing its hidden message if the tape is peeled. Furthermore, the surface of the tape is silicon coated to prevent resealing of the package by applying a new layer of tape over it if the original Tamper Evident tape is cut.

Tamper Evident Security Tape can be used in any hand held dispenser or be made in long rolls suitable for automatic application.

SPECIFICATIONS

Product Code TT Yellow Tape	Material High quality polyester
