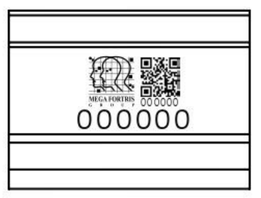
LASER MARKING OPTION



1. The Mini Cable Lock Small 150 consists of aluminium body and galvanised steel wire to tightly secure assets and provide clear tell-tale signs of tampering.
2. One-way locking mechanism is embedded for fast and easy application.
3. The non-preformed galvanised steel wire unravels upon cutting, hence showing clear tamper evidence.
4. The groove exterior is designed for rough handling with anodisation of solid colour for colour coding.
5. Irreversible identifiers such as name, logo, barcode, serial number and QR code are laser-marked on the aluminium body.
