## **HIGH SECURITY SEAL**

### **KLICKEER 2K (KLC 2K)**

Container Bolt Seal

*Two colours for defined visibility.*

Klicker 2K is the world's first two-coloured container bolt seal, patented by Mega Fortris. This seal complies to ISO 17712 and CTPAT with clear evidence of tampering from its innovatively designed anti-spinning pin and barrel.

#### **Applications:**

- Containers
- Trucks
- Trailers
- Rail Cars

PREVENTION · PROTECTION · PEACE OF MIND

- 1 The Klicker 2K comes with an anti-spinning design that the locking mechanism allows only one-way entry and hinders friction from external force.
- 2 Hardened steel pin and bush are moulded in high-impact PP material to form into a durable pin and plastic barrel while withstanding extreme weather conditions of -20°C to 80°C. Pin and barrel are paired engraved for easier handling.
- 3 Irreversible identifiers such as name, logo, barcode, serial number and QR code are laser-marked on the pin and barrel to prevent parts substitution or replacement.
- 4 An optional transparent cover on the barrel further secures the identifier and provides high visibility.
- 5 Two colours on the pin and barrel marking areas provide improved laser marking visibility.
- 6 Biodegradable additives for plastic material are available.
- 7 The seal is designed, tested and certified ISO 17712:2022.
