## SECURITY SEAL

# MINI CABLE LOCK PREMIUM 180 (MCLP 180) &
# MINI CABLE LOCK PREMIUM 180 2K (MCLP 180 2K)

### Pull-Tight Barrier Seal

*All-inclusive premium seal for security requirements.*

Mini Cable Lock Premium 180 is delicately designed with various tamper-evident features. Its advanced version, the Mini Cable Lock Premium 180 2K, is moulded with Mega Fortris' patented two-colour body for improved visibility and to deter tampering attacks. This is the best choice for both identification and security purposes.
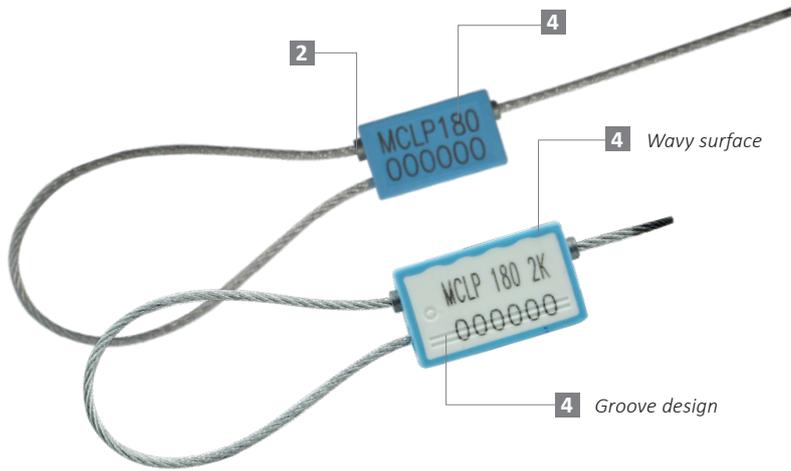

**Applications:**

● Valve Sealing  ● Retail Applications  ● Logistics  ● Banking

**BIODEGRADABLE**
Plastic Seals

PREVENTION · PROTECTION · PEACE OF MIND

**CABLE SEAL**

**1** The Mini Cable Lock Premium 180 and Mini Cable Lock Premium 180 2K are moulded in PP material with non-preformed galvanised steel wire to show clear evidence of tampering.

**2** One-way locking mechanism is embedded for fast and easy application. The additional tips at both ends provide greater protection. Mini Cable Lock Premium 2K has a grooved design and features an irregular pattern on the body to prevent tampering and give clear evidence of tampering on the identifier.

**3** Default rigid body allows for durable usage of the seal while the additional colour on the 2K body improves definition of laser markings, visibility, and identification.

**5** Irreversible identifiers such as name, logo, barcode, serial number and QR code are laser-marked on the body.

**6** Biodegradable additives for plastic material are available.

**7** Plastic material can withstand extreme weather conditions of -25°C to 80°C.

*MCLP 180*

*Standard length 180 — 26 — 15.80 — Ø 1.50 — 7.20

*MCLP 180 2K*

*Standard length 180 — 30.6 — 18.1 — Ø 1.8 — 8
